### SUMMARY:

Junior Flutter Mobile Application Developer with hands-on experience in building real-world mobile applications using Flutter and Firebase. Strong knowledge of state management using Provider (ChangeNotifier) and BLoC. Solid foundation in data structures, algorithms, and problem solving. Seeking a junior or internship role to grow professionally and contribute to impactful mobile applications.

### EDUCATION:

Bachelor of Computers & Artificial Intelligence Fayoum University

2023 – (Expected) 2027

GPA: 3.5 / 4.0

### INTERSHIPS:

#### **Flutter Mobile Application Development Intern**

**Digital Egypt Pioneers Initiative (DEPI) — November 2025 – Expected July 2026**

- Developed real-world mobile applications using Flutter framework
- Implemented state management concepts using Provider and basic BLoC patterns.
- Focused on performance optimization and clean code practices.
- Collaborated in a team-based environment and followed structured development workflows.

#### **Flutter Mobile Application Development Intern**

**Information Technology Institute (ITI) — July 2025 – August 2025**

- Gained hands-on experience in Flutter and Dart fundamentals.
- Developed mobile applications following clean UI and reusable widget principles.
- Worked with Firebase services for authentication and data handling.
- Applied problem-solving and object-oriented programming concepts in practical tasks.

### COURSES:

2024 Cisco — Introduction to Cyber Security

2023 ITI — Object-Oriented Programming (C++)

### PROJECTS:

#### **E-Commerce Mobile Application (Flutter, Firebase, Provider) — GitHub**

- Developed a full-featured e-commerce mobile application using Flutter.
- Implemented state management using Provider (ChangeNotifier).
- Integrated Firebase Authentication for user login and registration.
- Used Cloud Firestore for real-time product and order data.
- Applied clean UI design and reusable widgets for better maintainability

#### **Daily Grid Application (Flutter) — GitHub**

- Built a productivity app to manage daily schedules.
- Implemented dynamic date handling with custom ranges or current-day start.
- Used Provider for efficient state management and UI updates.

### SKILLS:

#### **TECHNICAL SKILLS**

- **Mobile Development:** Flutter, Dart, Firebase (Authentication, Firestore)
- **State Management:** Provider (ChangeNotifier), BLoC
- **Programming Languages:** Dart, C++
- **Computer Science:** Data Structures, Algorithms, OOP, Problem Solving
- **Tools:** Git, GitHub, Microsoft Office

**SOFT SKILLS**

- Self-motivated.
- Attention to detail.
- Critical thinking.
- Communication.
- Team player.

**Language Skills:**

- Arabic: Native
- English: Intermediate
